

maybe we should ask Cliff Pugh to try as the rest of us

Letter of the Week

Bikers' help is very welcome

*From Mrs C. M. Jordan (team manager, IW Special Olympics),
205 Carisbrooke Road, Newport:*

IN view of the support and publicity the CP has always given to our efforts to provide sports training and competitions for local people with learning disabilities, I hope you will allow us to express publicly our gratitude to the Towrags, an Island group of motorcycle enthusiasts, who have made us their charity for 2008.

They even cared enough to attend our AGM and awards evening to encourage our members.

They have so far donated more than £1,000 towards the cost of sending a group of our athletes to Leicester, to take part in the National Summer Special Olympic Games in July 2009 and we are extremely grateful to them.
